

Are You Planning a trip to N.E. Wisconsin?

We have 70+ members in Chapter Wisconsin GB. Many of us have led rides and have enjoyed many others that different members were very familiar with. Some of those rides took a whole day while others were for only a few hours. Somehow ice cream stops became the norm along the way. There are beautiful back roads normally not seen unless you were guided by someone from this area. As a resident I have been on many of those rides and have discovered places I had not seen before. We have great beauty here in Wisconsin, and we would love to show off that beauty to others G.W.T.A. members who might be interested.

With these thoughts in mind it leads us to wonder if others members of GWTA (not from our area) would enjoy our rides as well? Unless there are some weather related problems, some of us (actually many of us) will be riding whenever possible. How about considering joining us on a local ride somewhere. We can show you the

sites, stopping for breakfast/dinner/refreshments along the way, while seeing some exceptional back roads you would not normally see. We would plan around your visit too and help with accommodations if need be! If it's Door County you're interested in, consider a whole day trip? We have members up there as well who would love to see you. There's so much to see on the peninsula. If it's just a short ride you're thinking about, we have many of those rides too. Lake Michigan is only a short

ride from here or if you want to go inland North, South or West we can accommodate that as well. Of course if you have no idea at all, we'll surely come up with something fun that will fit your schedule or pleasure.

Each one of us have our special ride/ideas as to how to make a ride more enjoyable. Let us know when you are coming and we'll figure out a ride that will fit into your schedule and liking. Let us know a day or two to put it together before your arrival. We love to ride and it's so much fun showing others the beauty of Wisconsin, not to mention meeting other G.W.T.A. members and

sharing the fun and friendship.

If you call or e-mail our chapter director (see Staff/Contacts for info) we can put you in contact with one of us who will then make up a route for you based on your wishes. I have no doubt this will be a wonderful experience for you as well as us and our chapter members. As a quote from a big time rider, Rick Verber says, "Ride, Baby, Ride!"
